*Duration: 11 or 12 days*

*Start and End: Ushuaia, Argentina*

*Embarkation and Disembarkation: Ushuaia, Argentina*

*\*Available on select itineraries*

#### **Days 1: Ushuaia, Tierra del Fuego, Argentina**

Arrive in Ushuaia and transfer independently to our conveniently located hotel. You can spend some time in the nearby Tierra del Fuego National Park, enjoy some Argentinean wines and barbecues in the city or visit the many boutique shops and cafes while preparing for your upcoming adventure.

Lodging.

#### **Days 2: Embarkation**

In late afternoon, your Expedition Team welcomes you aboard your ice-strengthened ship as we sail into the scenic Beagle Channel to begin your Antarctic adventure.

#### **Days 3 & 4: Drake Passage**

Become familiar with the ship on this your first full day at sea. Members of the Expedition Team keep you company on deck, identifying seabirds that glide along side of the ship for miles at a time.

You will cross the famed Drake Passage, named for the 16th-century English navigator Sir Francis Drake, looking out for Wandering Albatross and other seabirds from the ship's spacious decks and promenades. We also cross the Antarctic Convergence, a biological barrier where cold polar waters sink beneath warmer waters from the temperate zones. Expect to sight the South

Shetland Islands, lying just to the north of the Antarctic Peninsula late in the afternoon on Day 4. On our planned landings you will explore penguin rookeries and have chances to spot Antarctic fur seals and southern elephant seals on the beaches or hunting their prey. We may also visit one of the many research bases in the archipelago. And keep an eye out for Antarctica's only two flowering plants, which thrive here during the short southern summer. On many visits the ship is able to sail through a narrow passage leading into the sunken volcanic caldera of Deception Island. Here, if the tide allows, you may wish to strip down to your bathing suit and take a dip in the thermal waters of Pendulum Cove.

### [Days 5 to 8: Antarctic Peninsula & South Shetland Islands](#)

When the Antarctic Convergence is left in our wake, you will truly begin your Antarctic adventure. It is perhaps the first sight of land itself that is embraced as the true beginning of any Antarctic expedition. We can finally begin to appreciate why this region has long captivated the attention of explorers and travelers alike. Every time we visit Antarctica we witness something new or unexpected, meaning your expedition will be unlike any other - creating a unique, personal experience. We will take Zodiac excursions from the ship to explore bays, channels and landing sites each day. With wildlife always at the forefront of our minds you will visit penguin rookeries, scout for humpback and Minke Whales and search for a number of the southern seal species, including the cunning Leopard Seal.

The majesty of the Peninsula's mountains will enchant you as you scramble up snowy pathways to vantage points offering you 360° views of your surroundings. One of these in particular, in Orne Harbor, gives the opportunity to visit a chinstrap penguin colony high up on a ridge. Here you'll have the choice between going for a mountain hike or spending time sitting quietly on a pebbled beach to enjoy the antics of curious penguins. While cruising along the Antarctic Peninsula we'll also give you the chance to take a Polar Plunge! Cheer on other travelers or strap on a harness yourself to take a dip and swim in the frigid waters of an icy Antarctic bay.

Amidst the peaceful silence of Antarctica, noisy interruptions become indelible memories such as penguins squabbling over prized pebbles or the boom and crack of a calving glacier in Neko Harbor. You can make a bit of noise yourself too. Hear the echo of voices bounce off a giant glacier, glide your kayak across a quiet bay or strap on some cross-country skis or snowshoes to explore further.

As you sail from island to shore to bay during your four days in the Peninsula, the Expedition Team will educate and entertain you. We'll provide opportunities for quiet contemplation, activities for testing your endurance and more than enough wildlife interactions to satisfy your curiosity.

### [Days 9 & 10: Back across the Drake to Ushuaia](#)

The journey back across the Drake Passage provides you with some final opportunities to enjoy the crisp Antarctic air. Spend time on the deck watching for seabirds and scouting for whales, enjoy a few final presentations by your Expedition Team or simply relax and reminisce about your experiences.

### [Day 11: Disembarkation in Ushuaia](#)

We'll arrive in Ushuaia in the morning for you to continue your adventure on land or catch your flights home.

**Please note: The 12-day version of the Antarctic Explorer itinerary includes one extra day in the Peninsula region. However, the variability of ice and weather conditions often means that much of the route and a great many – if not all – of our planned Zodiac landings remain the same.**

*Important reminder:* Embracing the unexpected is part of the legacy – and excitement – of expedition travel. There are no guarantees that we can achieve everything we set out to accomplish. A measure of flexibility is something all of us must bring to a voyage. There are nearly 200 recognized sites in the Antarctic Peninsula and South Shetlands and the places mentioned above may be changed to others equally as interesting.

Final Payments – Balances are due 120 days prior to departure. Final payment may be paid by bank wire or check.

Deposits and payments for pre-expedition and post-expedition services are specific to each item and are explained and communicated at time of purchase.

#### **Late payments**

All late payments are subject to a penalty of 1.5% interest per month, or 18% per annum. Quark reserves the right to cancel any booking that is not paid within 120 days of departure or deny boarding on any unpaid balances.

### **Emergency Evacuation Insurance**

Emergency evacuation insurance, to a maximum benefit per paying traveler of \$100,000 USD, is included in the cost of Quark Expeditions voyages from Travelex insurance company. Additional days of travel prior to the expedition and/or after the expedition purchased from suppliers other than Quark Expeditions are not covered by the included emergency evacuation insurance.

#### **Travel Insurance**

It is a condition of the booking that you and all members of your party have comprehensive travel insurance coverage. Due to the remoteness of the areas in which we travel, travelers must have a minimum \$50,000 of emergency medical coverage. Quark Expeditions requires proof of coverage prior to embarkation. The travel insurance policy should also cover trip cancellation insurance, trip delay (interruption or after departure coverage), baggage and repatriation. If full payment has not yet been received, the full penalty will still apply and any unpaid balance is due immediately. To protect the traveler's investment, we recommend that you obtain adequate trip cancellation insurance.

Cancellations cannot be made online.

#### **Transfers of Deposits or Payments to Alternate Voyages**

Should travelers be unable to take the expedition they originally booked, but would like to travel on an alternate date, it may be possible to transfer deposits or payments from the original booking to an alternate booking, subject to the following conditions: The new expedition must occur within one year of the original expedition date and a request to transfer must be made in writing to Quark Expeditions more than 120 days prior to the departure of the original voyage. Quark Expeditions reserves the right to prohibit transfers on any of its voyages. Should a transfer request be granted, a fee of \$250 per person will be charged.
