Antarctic Explorer: Discovering the 7th Continent

This expedition offers the perfect chance to discover the best of the Antarctic Peninsula, the last continent's most northern region. You'll be delighted by penguins, seals and whales as they accompany you on your journey along the Antarctic coastline. Landing on the continent itself is a memorable highlight, where you'll explore the iconic sights that make this one of the world's most pristine, exotic and unforgettable natural environments.

In brief:

- Perfect for first time visitors to Antarctica;
- Witness and explore the highlights of the Antarctic Peninsula;
- Travel safely and comfortably aboard any of Quark's three small, ice-strengthened expeditions vessels;
- Learn about the environment and wildlife from onboard lecturers and specialists; and
- Witness the abundant wildlife - penguins, Elephant Seals, whales and more!

Day 1 — Ushuaia, Argentina

With a population of more than 63,000 people, Ushuaia is the southernmost city in the world. The city has grown over the past few years, yet it has retained an easy going and accessible feel. With the sea to the south and mountains to the north, Ushuaia is a spectacular departure point for your Antarctic cruise. If you arrive early, you can spend sometime in the nearby Tierra del Fuego National Park, enjoy some Argentinean wines and barbecues in the city, or visit the many boutique shops before for your expedition to Antarctica.

Day 2 — Embarkation Day

Embarkation will occur in the late afternoon, after which your vessel will sail down the historic Beagle Channel. This historic channel transects the Tierra del Fuego archipelago in the extreme south of South America. Expect an air of excitement as we depart - the next time you see land we'll be in the world's most southern continent!

Days 3 and 4 — Crossing the Drake Passage

Prepare yourself for potentially rough water, but hope for a smooth sailing as the Drake is unpredictable and always changing. You'll spend these first days getting to know your shipmates, while we'll provide safety briefings and insights into what excitement lies ahead.

Days 5 to 8 — South Shetland Islands and Antarctic Peninsula

When the Antarctic Convergence is left in our wake, you will truly begin your Antarctic adventure. Weather permitting we'll be able to make our first landing on the afternoon of day 5. It is perhaps the first sight of land itself that is embraced as the true beginning of any Antarctic expedition. You can begin to appreciate why this region has long captivated the attention of explorers and travelers alike. Every time we visit Antarctica we witness something new or unexpected, meaning your expedition will be unlike any other - creating a unique, personal experience.

We will take Zodiac excursions from the ship to explore bays, channels and landing sites each day. With wildlife always at the forefront of our minds you will visit penguin rookeries, scout for humpback and Minke whales and search for a number of the southern seal species, including the cunning leopard seal.

The majesty of the Peninsula's mountains will enchant you as you scramble up snowy pathways to vantage points offering you 360° views of your surroundings. One of these in particular, in Orne Harbour, gives the opportunity to visit a chinstrap penguin colony

high up on a ridge. Here you'll have the choice between going for a mountain hike or spending time sitting quietly on a pebbled beach to enjoy the antics of curious penguins. If you're feeling extra adventurous, participating in the Polar Plunge swim is about as crazy as it gets!

Amidst the peaceful silence of Antarctica, noisy interruptions become indelible memories such as penguins squabbling over prized pebbles or the boom and crack of a calving glacier in Neko Harbour. You can make a bit of noise yourself too by listening to the echo of voices bounce off a giant glacier.

Every day will be different, having been carefully crafted by your Expedition Team so as to entertain and educate you on this wonderful part of the world.

Days 9 and 10 — Drake Passage to Ushuaia

The journey back across the Drake Passage provides you with some final opportunities to enjoy the crisp Antarctic air. Spend time on the deck watching for seabirds and scouting for whales, enjoy a few final presentations by your Expedition Team or simply relax and reminisce about your experiences.

Day 11 — Disembarkation in Ushuaia

We'll arrive in Ushuaia in the morning for you to continue your adventure on land or catch your flights home.

Please note: The 12-day version of the Antarctic Explorer itinerary includes one extra day in the Peninsula region. However, the variability of ice and weather conditions often means that much of the route and a great many – if not all – of our planned Zodiac landings remain the same.

Important reminder: Embracing the unexpected is part of the legacy – and excitement – of expedition travel. There are no guarantees that we can achieve everything we set out to accomplish. A measure of flexibility is something all of us must bring to a voyage. There are nearly 200 recognized sites in the Antarctic Peninsula and South Shetlands and the places mentioned above may be changed to others equally as interesting.

Final Payments – Balances are due 120 days prior to departure. Final payment may be paid by bank wire or check.

Deposits and payments for pre-expedition and post-expedition services are specific to each item and are explained and communicated at time of purchase.

Late payments

All late payments are subject to a penalty of 1.5% interest per month, or 18% per annum. Quark reserves the right to cancel any booking that is not paid within 120 days of departure or deny boarding on any unpaid balances.

Emergency Evacuation Insurance

Emergency evacuation insurance, to a maximum benefit per paying traveler of \$100,000 USD, is included in the cost of Quark Expeditions voyages from Travelex insurance company. Included coverage is applicable only to travel occurring between the first and last day of program purchased from Quark Expeditions. Additional days of travel prior to the expedition and/or after the expedition purchased from suppliers other than Quark Expeditions are not covered by the included emergency evacuation insurance.

Travel Insurance

It is a condition of the booking that you and all members of your party have comprehensive travel insurance coverage. Due to the remoteness of the areas in which we travel, travelers must have a minimum \$50,000 of emergency medical coverage. Quark Expeditions requires proof of coverage prior to embarkation. The travel insurance policy should also cover trip cancellation insurance, trip delay (interruption or after departure coverage), baggage and repatriation. Quark Expeditions will not be held responsible for delays due to force majeure. Any additional costs accrued will be the responsibility of the traveler.

Cancellations and Refunds

All requests for cancellation must be received in writing. Cancellations received 180 days or more prior to departure, are refunded less an administrative fee of \$1000 per person. If full payment has not yet been received, the full penalty will still apply and any unpaid balance is due immediately. To protect the traveler's investment, we recommend that you obtain adequate trip cancellation insurance.

Cancellations cannot be made online.

Transfers of Deposits or Payments to Alternate Voyages

Should travelers be unable to take the expedition they originally booked, but would like to travel on an alternate date, it may be possible to transfer deposits or payments from the original booking to an alternate booking, subject to the following conditions: The new expedition must occur within one year of the original expedition date and a request to transfer must be made in writing to Quark Expeditions more than 120 days prior to the departure of the original voyage.

Quark Expeditions reserves the right to prohibit transfers on any of its voyages. Should a transfer request be granted, a fee of \$250 per person will be charged.

Itinerary

The itinerary described is subject to change at the discretion of the ship's master and Quark Expeditions' Expedition Leader. This is an expedition to a remote part of the world, and we reserve the right to change the itinerary due to weather conditions, availability of anchorages, political conditions or other factors beyond our control without consulting the passengers. It is understood that such decisions will be made in the best interests of all passengers aboard and with regard to the safety of the vessel. Passengers have no right to any refund or other considerations in the event of these inevitable itinerary changes. Nothing in this brochure is meant to signify the use of any specific design or model of helicopter. The images featured in this brochure are inspirational in character and do not necessarily depict the exact people, animals and places encountered by passengers.

The passenger must be in possession of a valid passport and any visas, permits and certificates that are required for the whole of the trip {expedition} and shall arrange such vaccinations as are normally recommended for the countries through which they intend to travel including those vaccinations recommended by Quark Expeditions. Information as to these matters and as to climate, clothing, baggage, gear, and similar matters is given in good faith but without responsibility on the part of Quark Expeditions.

Rates

Voyage rates are based on tariffs and exchange rates in effect at the time of printing and are subject to change prior to departure. Substantial changes in tariffs, exchange rates and the price of fuel, services and labor sometimes increase the cost of expedition arrangements significantly, and we reserve the right to alter our prices or introduce surcharges accordingly, even if payment has been received in full.
